"We now have an AAMME plaque"

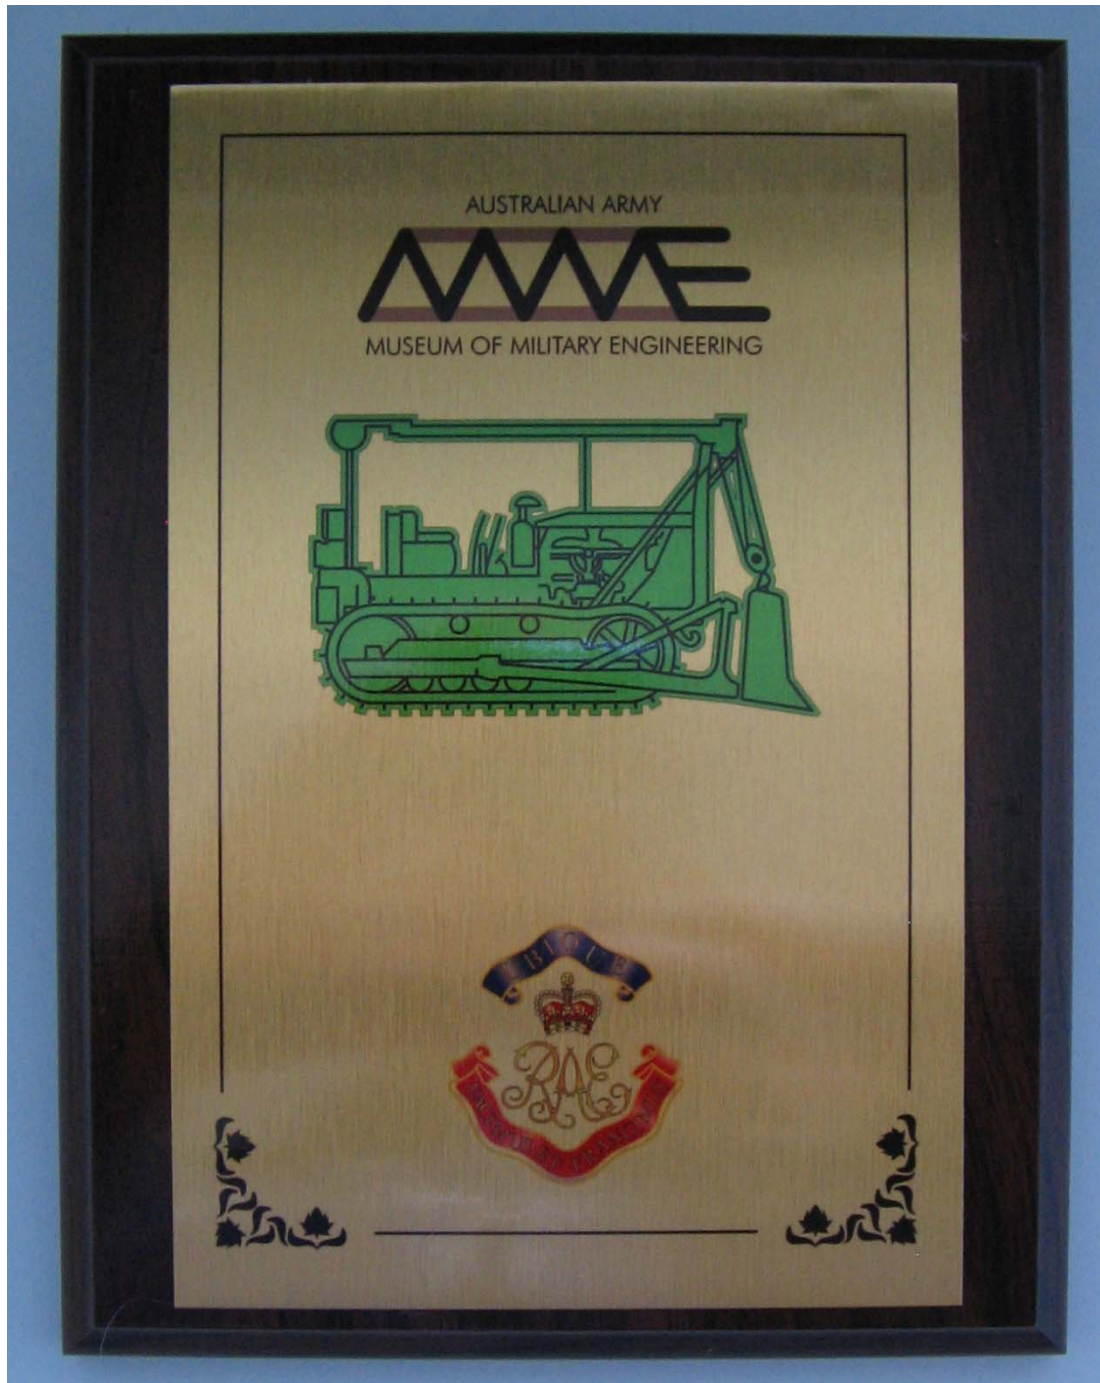

We have recently gone through the process to obtain an AAMME plaque. The picture below is the end result!

The AAMME logo (based on the Sir Clive Steele bridge span) had to be on it (of course!)

CR1, the only crawler dozer built in Australia (and involving Sapper-nuity to get it) is unique to us!

The Cipher; this brings age, colour and credence in all of us everywhere.

And of course we left a neat little spot for a presentation plate! We trust that you like it!

Where do you get one and how much?

The AAMME plaque is available from the Museum via WO1 Mick Dunne or it can be obtained via the Corps Shop with the purchase of some other great products that they stock. The price is a neat \$40.00 plus postage (if required).
