"What's happening – Part 2"

As you will see there is plenty going on; there was a lot of activity on the Saturday work day in April.

International Mk5

The lads have been busy restoring the Mk5. As you can see the tray even gets a serve. We'll bring you more on this truck as it progresses.

"From the Ward Room"

This fine piece of furniture is from the AV1356 Clive Steele. It will be soon displayed with some of the finest Navy china.

A brush with a GEM

The GEM is looking good, totally painted and getting ready to be a roving display. Can you guess who the signwriter is?

A Wash and Wax – please Sir!

What else do you do with a retired 106mm RCL.

It might not be the most glamorous job, but there is always something to do with the mobile exhibits.
